POPE STILL LIVES.

Life of the Aged Pontiff Hangs in the Balance With Scales Tending Downward.

MR. VOLPONI PASSED AWAY.

Cardinals From All Parts of the World Are Leaving For Rome To Attend the Conclave.

The Meeting of the Cardinals Will Not Take Place Until at Least Ten Days After the Demise of Pope Leo XIII.

Rome, July 10.—Another day of alternate hopes and fears has passed and Pope Leo's life still hangs in the balance. Beginning with renewed hopes, the day closed with the scales tending slowly but surely downwards. How long this agonizing period of suspense will last not even the attending doctors dare to say.

No night bulletin was issued, but at 12:15 Friday morning it was learned from Dr. Mazzoni that the condition of the pontiff had not changed since the issue of the evening bulletin, which announced that the patient's state was grave. At 7:30 o'clock Thursday night Dr. Lapponi declared his fear that there was no hope, but that death might not come during the night. At midnight a report, coming from the Vatican itself, gained currency that Dr. Mazzoni had again operated on the pope and extracted serum which had again gathered in the pleural cavity. The surgeon was found at his home at 1:30 o'clock Friday morning and although extremely tired, Dr. Mazzoni said:

"It is untrue that a new operation has been performed. I was with the pope from 11 p. m. until after midnight and found his general condition stationary, no change having taken place since this afternoon, when the consultation with Dr. Rossini was held. To strengthen the patient's heart and to help the circulation of the blood, I injected camphor and caffeine, after which the pope, who seemed somewhat relieved, said he remembered having been treated on a camphor bath when he was nuncio at Brussels 60 years ago."

Mgr. Volponi Dead.

The death of Mgr. Volponi was carefully kept from the pope throughout the day. It was at first feared that it would be necessary to inform the pontiff in order that Mgr. Volponi's successor to the office of secretary of the consistory might be nominated, but after discussion by the Vatican authorities it was decided that the precedents admitted of the nomination of a secretary without the intervention of the pope. The chief importance of the position is felt at the time of a conclave, so that if it is considered essential to fill Mgr. Volponi's place, the Cardinal Camerlengo will designate a secretary of the consistory. This procedure will permit the news of Mgr. Volponi's death to be withheld from the pope indefinitely.

When the amelioration in the condition of the pope presented much favorable symptoms Thursday morning, Pope Leo decided, after Cardinal Rampolla, to receive also all the other cardinals living in Rome to the number of about 25, as a special mark of his gratification at the part they took in his illness. A special notice was sent them citing them to the Vatican. Cardinals Oreglia, Gotti and Della Volpe were received and had a short conversation with his holiness, but soon after the dangerous condition of the patient developed, compelling Dr. Lapponi to stop the other receptions.

"NEW KENTUCKY HOME."

Contract For State Building at the World's Fair Will Be Awarded This Week.

From present indication actual work on the construction of the Kentucky State Building at the St. Louis World's Fair grounds will begin within a fortnight. The Building Committee of the Kentucky Exhibit Association met last week and received proposals from thirteen of the country's big contractors to erect the building. Twelve of this number have contracts with the Louisiana Purchase Exposition for putting different buildings on the grounds. The Exhibit Association had determined many months ago to hold the cost of the building, it being temporary, down to \$30,000. Three of the bids received were under \$30,000 and one that figure exactly. The committee passed a resolution, recommending to the Board of Directors of the association that the lowest bid be accepted and contract at once entered into. The directors held a meeting two days later—eight of the fifteen members of the board being absent—and approved the recommendations of the Building Committee. Resolutions to this effect were adopted, each member present signing and the Secretary being directed to forward the paper to the absent members. The name of the contractor will be withheld until the formality is carried out.

The name of the firm that will build the "New Kentucky Home" at the World's Fair is a guarantee of excellent work. This firm has put up some of the famous buildings of the United States. While the Kentucky Exhibit Association must raise twice as much money as it has raised to complete the building and make displays of the State's unold wealth in minerals, forestry, agriculture, horticulture, live stock, tobacco, etc., etc., in the main exhibit palaces, the directors—who are giving their time and money for the success of the cause without one cent of pay—felt that the business, enterprising element of the State would not fail to respond on the final call.

Those who have not subscribed in our county—and there are hundreds more who should—will do something they will never regret by sending in a few dollars or even one dollar, if no more can be spared, to carry to a success this great cause of State development. If Kentuckians stand shoulder to shoulder on this proposition and give the association the financial aid it deserves Kentucky will have herself shown in the true light of progress before the entire world next year. It will mean millions of dollars to a twentieth century Kentucky!

River News.

The Queen City is due down this evening. She left Pittsburg with a large passenger list.

The Sunshine and City of Wheeling collided last week while racing to reach Lawrenceburg, Ind., and the master and pilot of each boat has been suspended.

Louisville Courier-Journal: "Captain Gordon C. Greene, whose home is at Newport, Ohio, is one of the most successful steamboatmen on the upper Ohio. He began his river career as a 'slush' cook on a Southern produce boat and finally got to be a pilot on a Pittsburg pilotboat. To-day he owns the packets Greenwood, Evergreen and Cricket, and is building a fine new sidewheel packet for the Pittsburg and Charleston trade. Captain Green's wife, Mrs. Mary Green, is a licensed steamboat pilot and master, and often stands a regular watch at the wheel."

A convention of the Fifth Magisterial district of the Mason County Sunday schools will be held at the Presbyterian Church at Washington Sunday afternoon, July 12th, at 2:30 o'clock. It is especially requested that as many as possible will go from this city. The singers are particularly invited to be present and help with the music. Let us make this one of the best district meetings that has ever been held in the county. It is hoped that there will be a good representation from all the schools in this district.

A GIRL'S SCREAMS.

The Militia Turned Out and Surrounded the Jail.

Jackson, Ky., July 10.—The provost guard was aroused at 2 o'clock Thursday morning by screams issuing from the residence of Jailer Spencer. Marshal Longmire and the entire guard responded and surrounded the jail and residence of Jailer Spencer. The two daughters of the jailer claimed that some one was trying to force an entrance into their house. A thorough search of the house and jail was made, but nothing was found to indicate that burglars were abroad. A company of soldiers from Covington and the company recently organized at Newcastle will arrive here Monday, which will increase the number of soldiers to 200. It has been decided to keep the troops here indefinitely and the companies will be exchanged from time to time, giving all of the Second regiment service here.

West Liberty, Ky., July 10.—Dave Purcell, who, it is charged, shot and killed Mack Nicke and Gordon Wells some weeks ago, was arrested Wednesday in Magoffin county and lodged in jail at this place at 12 o'clock Wednesday night. A heavy guard was placed around the jail to prevent a mob from attacking it. Both men killed have large relationship and excitement is so high it looks as though it will be hard to prevent a lynching.

The letter is signed by R. H. Farrar, Eden, Erie county, New York, and S. S. Farrar, Evans Center, Erie county, New York. The famous pioneer, Daniel Boone, left no estate.

KENTUCKY POLITICS.

Hot Time Predicted When Republican Factions Clash—Race Question Will Figure in Election.

[Enquirer, July 9th.]

E. P. Millett of Louisville who is distilling alcohol and spirits at Vincennes, Ind., is at the Grand.

"I have been home for a few days," remarked Mr. Millett, "and he who runs may read the monkey and parrot time the Republicans are going to have in Louisville in the primary to elect delegates to the State convention that meets next Wednesday. The fight in Louisville is all among the candidates for the gubernatorial nomination, and it is something terrific. Augustus E. Willson is convinced that the Sapp Committee has fixed the machine to do him in Louisville in favor of Belknap, and I have no doubt he is correct. The Sapp Committee only gave Willson six representatives at the polls, Pratt four and Belknap eighty-seven. Willson and his friends declare that they will not submit to being run over rough shod, and he has issued a call to his followers to meet in mass convention and elect delegates. That, of course, means two sets of delegates to the State convention, and a Kilkenny cat fight will take place there. Former Governor Bradley, who is backing Willson, has his war paint and his feathers on, and is expressing his opinion of the Sapp Committee's methods in language that is hotter than the weather. He is rallying his country cohorts to deal the Hunter and Deboe crowds a body blow in the convention. He is still the strongest single personality with the rank and file of his party in the State, and feels that he has done more for the success of his party in Kentucky than all the Hunter and Deboe contingent combined, and rather than see them dominate he will die in the last ditch. It is his political life or death, with irreconcilable personal disgust and contempt for the crowd that has been fighting him for years, and who had him down until Roosevelt and Congressman Boreing put him on his political feet again.

"Let the Republicans nominate whom they may, however, the Democrats will carry Kentucky on the race question, if no other. There are 11,000 negro votes in Louisville and 65,000 in the State. We had so much trouble with the blacks with just one Republican Mayoralty term in Louisville and one State administration, that our people are not going to take any more chances on that proposition, and we will have the support of many Republicans on that issue. The race question is going to enter very largely into Indiana politics, and will, in my opinion, revert the State to Democratic rule as a result of the recent troubles and the general antipathy of the people there, regardless of party, particularly among the working people, to the negro. Why, in Warren County, which gives the record largest Republican majority of any county in the State, there is not a single black man, and not one allowed to live there. I have seen advertisements in Indianapolis papers of farms for sale, with the strange addenda: 'No colored man within six miles.'

"Some months ago a mob took a tramp negro, who had outraged and killed a white woman who fed him, from the custody of the Sheriff of Knox County, of which Vincennes is the seat, on the highway and hanged him. Now, the mother of the culprit is suing the Sheriff for \$5,000 damages, through a prominent Indianapolis lawyer. The Republicans in Indiana carried the colonizing of colored voters in Indiana to such an extent that they had to practically subsidize them between elections to the detriment of white labor. They carried the scheme too far, and it is now reacting upon them."

Penn Grove Campmeeting will be held at Mt. Olivet July 18 to Aug. 2. Talented ministers will be present during entire meeting. Dean Baker P. Lee, of Lexington; Rev. T. W. Creighton, Zanesville, O.; Rev. C. F. Evans, Mayeville, and other able pulpit orators have been engaged. No expense is being spared to make this year's meeting the best since the establishment of the camp. Music will be under direction of Mrs. Emma Tevis Powell, of Lexington, assisted by her sister, Mrs. W. A. Penn, and Mrs. Alton Wells. Excellent dining hall. Fine shade and abundance of pure water. Cottages can be had for \$3 for the term. Board \$3 a week. Campers can erect their own tents free.

Horrocks & Olinger, of Ashland, have the contract for the brick work on a large business block to be erected at Grayson by the Citizens' Bank, Wm. Cooke and others. The block will contain two business houses and quarters for the bank.

STRUCK BY A TRAIN

A Wagon Containing Nine People Was Run Down at a Crossing Near Cincinnati.

FIVE OF THEM LOST THEIR LIVES.

Three Others Were So Badly Injured That They May Not Live and Another May Hurt.

The Driver of the Vehicle Did Not Observe the Approaching Train, Which Was Running at a High Rate of Speed.

Cincinnati, July 10.—Westbound Pennsylvania train No. 31, from Columbus, struck a wagon containing nine people at a crossing near Redcomb Junction, eight miles east of this city, shortly before 8 o'clock Thursday night, killing five, fatally injuring three and seriously injuring one of the occupants of the wrecked rig.

J. C. Copenhagen, with his wife and five children were going from Redcomb Junction to Madisonville to get supplies for their boarding house. A girl named Grace, daughter of a neighbor, and four of their boarders, William Booth, Charles Johnson, William Poole and another man whose name was not learned, accompanied them. They did not observe the train which was coming at high speed. When the engineer saw them he blew his whistle, but it was too late to reverse steam or stop the train in any manner. The mules on hearing the whistle stopped still and could not be moved. The animals were across the track and escaped unhurt, while the wagon was completely wrecked and all the occupants either killed or injured. The train brought the victims to this city. The dead were taken to the morgue and the injured to the hospital. J. C. Copenhagen and two of his children, the girl named Grace and Lem-dren, and the girl named Grace Lem-mick were instantly killed. Mrs. Copenhagen, William Booth and an unknown man were fatally injured. Charles Johnson and the 2-year-old child of Copenhagen may recover.

William Booth died in the hospital several hours later.

Following are the names of the killed and injured:

Dead: J. C. Copenhagen, Ollie Copenhagen, aged 11 years; Charles Copenhagen, aged 6 years; William Booth, aged 25 years; Grace Lem-mick, aged 12 years.

Injured: Alvert Copenhagen, aged 14 years; Nellie Copenhagen, aged 8 years; Samuel Copenhagen, aged 2 years; Charles Johnson.

DELEHANTY'S DEATH.

There Is No Evidence of Suicide or Murder—Had Been Drinking.

Buffalo, N. Y., July 10.—Frank Delehanty and E. J. McGuire are investigating the death of the player. They do not believe that Delehanty committed suicide. In the sleeping car on the Michigan Central train on the way down from Detroit Delehanty had five drinks of whiskey, says Conductor Cole, and he became so obstreperous that he had to be put off the train at Bridgeburg, at the Canadian end of the bridge. Cole says Delehanty had an open razor and was terrifying others in the car.

When the train stopped at Bridgeburg, Cole did not deliver Delehanty up to a constable. He just put him off the train.

After the train had disappeared across the bridge Delehanty started to walk across. This is against the rules. The night watchman attempted to stop him but Delehanty pushed the man to one side. The draw of the bridge had been opened for a boat and the player plunged into the dark water of the Niagara river.

Delehanty's relatives hint at murder, but there is nothing in the case, apparently, to bear out such a theory.

Everett, Wash., July 10.—E. E. Oglesby, colored, wanted for the murder of four Negroes in Mississippi, Thursday made a partial confession to the chief of police. The Negro was arrested here on July 1 and held on a charge of vagrancy.

Greensburg, Pa., July 10.—Constable H. F. Bierer was killed with a bullet said to have been fired by Charles Kruger, whom Bierer was trying to arrest for an assault on an Italian miner. Kruger was arrested after a long chase.

London, July 10.—A dispatch from Sofia leaves no room for doubt that the gravity of the situation in the Balkan principality is hourly increasing. Sofia is practically in a state of siege.

Many a Maysville Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this great change can be brought about will prove comforting words to hundreds of Maysville readers.

Mr. M. L. Spencer, grocer of Forest avenue, says: "For many years I was greatly troubled from the lack of proper action of the kidneys. I feared the incipient stage of diabetes, and learning about Doan's Kidney Pills sold at J. Jas. Wood & Son's drug store, I procured a box. The benefit derived from its use warranted me continuing the treatment. The results obtained in the cases of others I know as well as in my own is a guarantee of the great value of Doan's Kidney Pills."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—DOAN'S—and take no substitute.

If in Need of a PUMP,

We advise you to buy either the I. X. L. Patent Galvanized Steel Chain Curb and Galvanized Steel Tubing, or the Cypress Rubber Bucket. Both are good ones and we sell lots of them. The I. X. L., being constructed entirely of steel, costs a little more than the other kind, but the difference in price is more than made up in satisfactory service and long life. It always pays to buy the best of everything, and Pumps are no exception to the general rule.

Some Points of Superiority of the I. X. L.:

It does not make the water taste as wood tubing does, and, being made of the very best galvanized steel, will not rust, rot or accumulate filth, and leaves the water clear and pure. It is anti-freezing, as a small hole in the reservoir allows the water to run out. Only weighs a half pound to the foot, while water-soaked wood tubing weighs six.

Powers Didn't Write It.

[Lexington Democrat.]

A dispatch from Georgetown says that Caleb Powers denies the rumor that he is the author of the letter to Gov. Beckham, signed by Jim Howard, and says he neither wrote nor had any hand in its composition. We said that from the first. A meaner and more cowardly creature than the assassin or procurer of assassination wrote the letter that he will try to lie out of when we produce in part the incontrovertible evidence against him.

GERMANTOWN, July 9th.—Mr. Dan Lloyd threshed 1000 bushels of wheat.

Saturday, July Fourth, the union Sunday school picnic was held at the fair grounds. Though the day was hot, large crowd assembled and the scene was one of life and joy. At 10 o'clock President Asbury called for order, after inspiring music with Miss Tucker at the organ, and a prayer by Bro. Jones, Mrs. Burdette gave the welcome address. Mr. Duley gave a patriotic response. The workers are all indebted to Mr. Duley for his interest in pushing forward this union movement. Mr. Muselman of Maysville was next introduced, whom we can well call the wit of the day. He emphasized that power of a teacher lies in his ability to induce a child to think. Dr. Barbour followed, urging Sunday school workers to make greater sacrifice to train the girls and boys for future usefulness. "My Country 'Tis of Thee" was then sung, and Rev. Pollitt dismissed at noon. The crowd then gathered into small groups and enjoyed a most delightful treat, a lunch served in picnic style in the usual hospitable manner for which Mason County is noted. The Germantown M. E. Church, South, school, under the direction of Mrs. Rigdon, gave their children's day exercises in the afternoon, which were very creditable. The social feature of the day was very fine and many lingered, loth to leave. We thank Mr. Asbury and others for their untiring efforts to stimulate the Sunday school interest. We hope to accomplish more as the years go by, as we are endeavoring to provoke one another to good works.

Mr. and Mrs. J. F. Walton visited Lexington and attended Chautauqua Thursday and Friday. The fine rain Saturday night was certainly very acceptable.

ALL KINDS OF

FIRE

With a good Gas Range you can cook your soup over a slow fire, which it needs, and your roast over a quick fire, and both at the same time. How can you do this anyother way than with a GAS RANGE?

Gas Ranges At Factory Cost Price!

Never was such another opportunity afforded you to obtain so much value for the same money. During the month of June the Gas Company will, if so desired, make a written agreement with any purchaser of a Gas Range to the effect, that, if on the first day of August, said purchaser shall have become dissatisfied with the use of their Range, either for the reason that it will not do the work as represented, or that it costs too much to operate, then the Gas Company will take back the stove and refund any money paid upon its purchase price. The only thing to prevent you taking advantage of this offer is that the Ranges are sold quicker than they can be connected up, so if you are thinking of buying one, now is the time to decide. Over twenty installed during May and not a single complaint. For further particulars see the Gas Company and sample Ranges at Langfels & Co.'s.
